

**Call for Papers to the  
5<sup>th</sup> Meeting of the SDU Workshop on Applied Microeconomics**

**Organizers:** Christian M. Dahl (University of Southern Denmark)  
N. Meltem Daysal (University of Southern Denmark)  
Peter Sandholt Jensen (University of Southern Denmark)

**Place:** University of Southern Denmark  
Campusvej 55, 5230 Odense M, Denmark  
Room: O77

**Date:** May 25, 2018

**Website:** [5<sup>th</sup> SDU Workshop on Applied Microeconomics](#)

This annual workshop aims to bring together researchers investigating issues of relevance to current public policy. We invite submissions from all fields of applied microeconomics, including (but not restricted to): labor, health and development economics, economics of education, and demography.

This year, one session will be devoted to topics related to “Health, Wealth and Inequality” and one session will be devoted to topics concerning “Health Shocks, Medical Innovations and Treatments.” Examples of suitable topics include:

- Health shocks, human capital accumulation and productivity
- Evaluation of policy instruments targeting inequalities in health
- The intergenerational transmission of health and wealth

The papers should pay particular attention to the identification of causal relationships using rigorous econometric techniques. Preference will be given to papers that are well developed yet can still benefit from group discussion. The keynote speaker is **Kjell Salvanes** (Norwegian School of Economics).

The workshop will last for one day. The number of participants is limited to 25, with a maximum of 8-10 invited and contributed papers. The workshop program, travel and accommodation assistance will be provided on the workshop webpage. Participation is free of charge and includes registration, breakfast, lunch, and refreshments. Participants are expected to cover their own transportation and accommodation costs (if needed).

Researchers interested in presenting their work should send an extended abstract or preferably a full paper to [sdu.applied.micro@gmail.com](mailto:sdu.applied.micro@gmail.com) no later than **March 23, 2018**. Notifications of acceptance will be sent by April 6, 2018. Presenters and other participants should register no later than **April 20, 2016** by sending an email to [sdu.applied.micro@gmail.com](mailto:sdu.applied.micro@gmail.com). Please include contact information and whether you have any special dietary restrictions.

Looking forward to seeing you in Odense!
