

# CelebrateMS

Celebrating 50 Years of Mass Spectrometry Research at the University of Southern Denmark

## Advances in Biological Mass Spectrometry

December 3-4, 2024, University of Southern Denmark, Odense, DK

### Preliminary Program

We have planned a 2-day conference with five scientific sessions, including nine invited plenary speakers. Up to nine early-career researchers will be selected to give an oral presentation based on their submitted poster abstracts. All participants are encouraged to submit an abstract and present a poster. Posters (max. 70) are exhibited throughout the conference and in three dedicated poster sessions. An industry exhibition is open during the conference.

#### DAY 1 - Tuesday, December 3, 2024
