

Unloading our
equipment in
Naha,
Okinawa -
before the
cruise!

Yes –
The corona
test was
negative!

Cruise meeting
in the dry lab!

Safety drill –
before we sail
off!

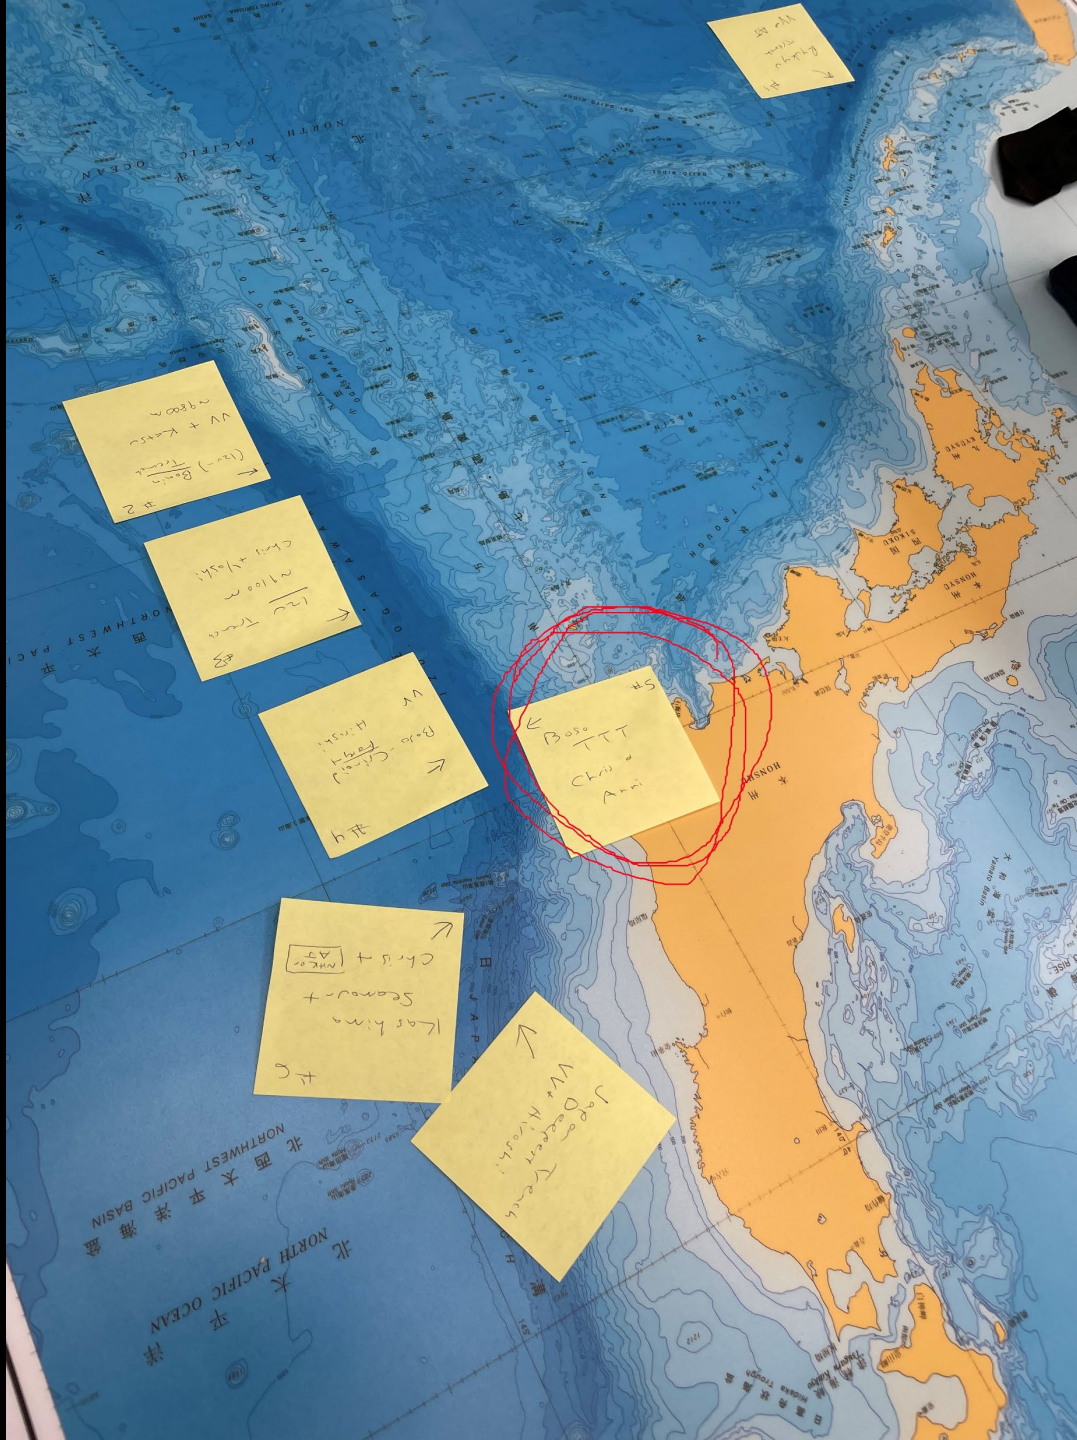

DSSV Pressure
Drop in the
harbour of
Naha – before
we sail out!

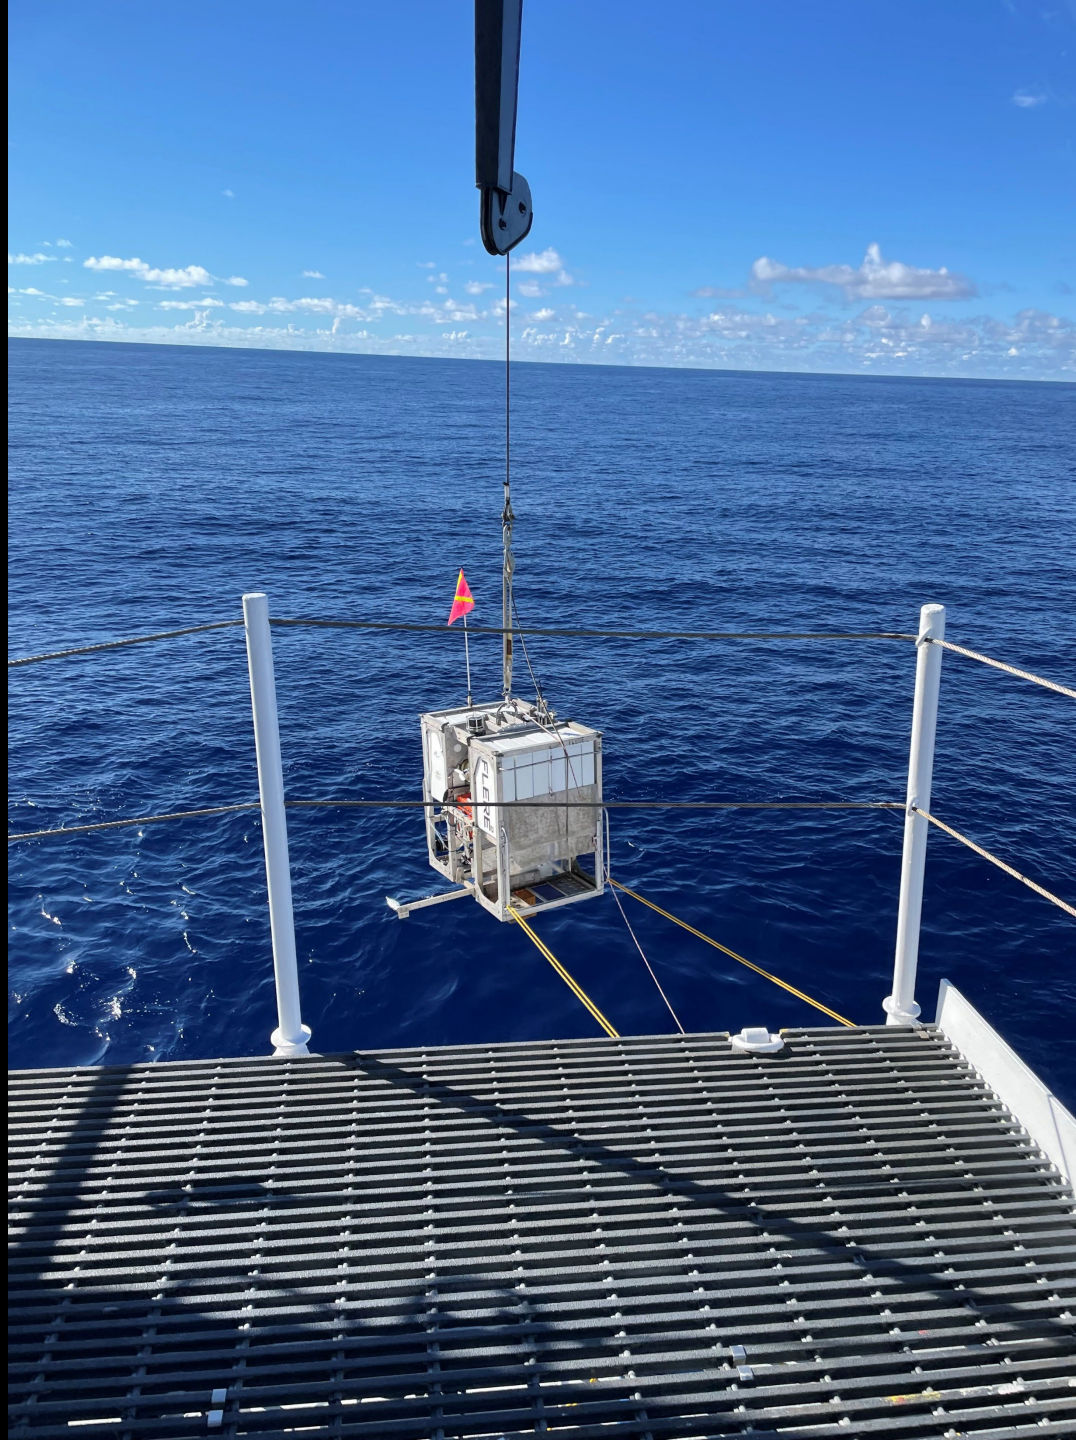

It has now been
decided exactly where
to dive – and who will
be diving when!!!

Hadal member -Anni
Glud – is scheduled to
go on the 5th dive to
9200 m in the Ito-
Bonin Trench

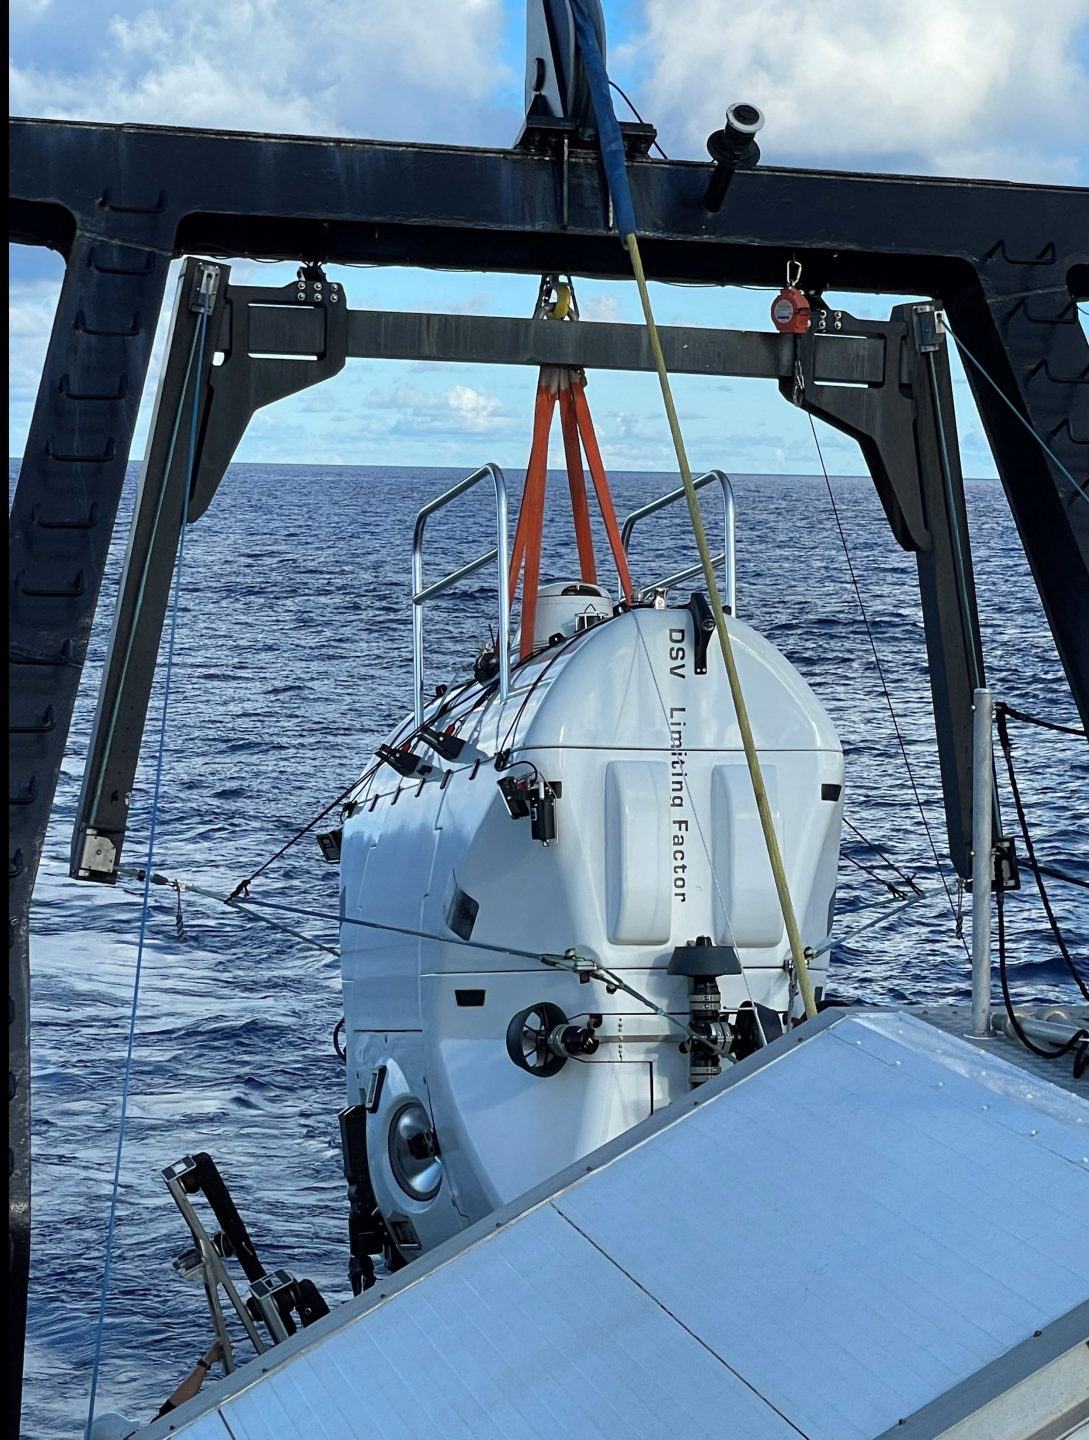

We are on our
way!

First lander
deployed –
belonging to
Alan Jamieson
from
Univeristy of
Western
Australia

The submarine
"The limiting
factor" is going to
dive for the first
time on this cruise.
Victor Vescovo and
Alan Jamieson will
be diving in the
Ryukyu Trench –
7300 m deep.

After 8 hours -
The Limiting
Factor arrived
at the surface!

And with big
skills - the
"sub-team"
got it safely
back to the
mother ship!

The sky bar -
where the
view is
fantastic – a
very nice place
to hang out!

The sunsets
are amazing !
