- Carsten Friberg, Independent scholar/SDU, Denmark
carsten.friberg@gmail.com

The Nordic Summer University (NSU) is a Nordic network for research and interdisciplinary studies. NSU is a nomadic, academic institution, which organizes workshop-seminars across disciplinary and national borders. Since it was established in 1950, Nordic Summer University has organized forums for cultural and intellectual debate in the Nordic and Baltic region, involving students, academics, politicians, and intellectuals from this region and beyond. Decisions about the content and the organizational form of the NSU lay with its participants. The backbone of the activities in the NSU consists of its thematic study circles. In the study circles researchers, students and professionals from different backgrounds collaborate in scholarly investigations distributed regularly in summer and winter symposia during a three-year period. For more information: www.nsuweb.org

The symposium is supported by Nordplus
