

## **Danish Haematological Research Educational Network**

### **2017 Annual PhD course: *“Immunotherapy in Haematology”***

Hindsgavl Slot, Middelfart, 9 -10 March 2016

Course leadership: Niels Abildgaard, professor, and Henrik Frederiksen, Ass. Professor, Haematology, SDU

Provided by: PhD school, University of Southern Denmark (SDU)

#### **Thursday 9 March 2017**

- |               |  |
|---------------|--|
| 11:00 – 12:00 | Arrival and Lunch  |
| 12:00 – 12:10 | Welcome.<br>Niels Abildgaard and Henrik Frederiksen  |
| 12:10 - 12:55 | <i>How to identify cellular targets.</i><br>Martin Røssel Larsen, Professor, Human<br>Clinical Proteom Center, SDU                             |
| 12:55 -13:40  | <i>How to establish monoclonal antibodies.</i><br>Carsten Skjødt, Ass Professor, Institute of<br>Molecular Medicine, SDU                       |
| 13:40 -14:00  | Coffee and Networking  |
| 14:00 -14:45  | <i>In vivo actions of human immunoglobulins and<br/>cellular mechanisms.</i><br>Torben Barington, professor, Clinical<br>Immunology, SDU       |
| 14:45 -15:30  | <i>Check-point inhibitors in cancer – clinical studies<br/>and international collaboration.</i><br>Lars Bastholt, Ass Professor, Oncology, SDU |
| 15:30 -16:10  | <i>Project “walk and talk”</i>   |
| 16:10 - 16:45 | <i>Target selection on hematopoietic cells and<br/>identification of new check-point inhibitors. To</i>  |

*be a PhD student abroad at a top-level research institution.*

Mike Barnkob, MD, PhD student, professor  
Vincenzo Cerundolo's Lab, MRC Human  
Immunology Unit, Weatherall Institute of  
Molecular Medicine, University of Oxford

16.45 - 17:15

*Racing CARs at Harvard Medical School. To be a PhD student abroad at a top-level research institution.*

Maria Ormhøj, MSc, PhD student  
Massachusetts General Hospital Cancer Center,  
Harvard Medical School, Boston; and Clinical  
Immunology, SDU

17:15 - 18:30

*PhD Project presentations.*

19:00 - 20:00

Dinner

20:00 - 21:30

*Networking and Discussion.*

Professors Peter Hokland (AU), Karen Dybkjær  
AaU), Henrik Sengeløv (KU), Hans Hasselbalch  
(RUH), Niels Abildgaard and Henrik  
Frederiksen (SDU)

## **Friday 10 March 2016**

07:30 - 08:30

Breakfast

08:30 - 09:05

*Tumor immunology – general issues and strategies of CCIT.*

Mads Hald Andersen, professor, Center for  
Cancer Immune Therapy, Herlev Hospital, KU

09:05 - 09:30

*Immune therapy in Multiple Myeloma – general issues and own strategy.*

Nicolai Grønne Dahlager Jørgensen, MD, PhD-  
student, Center for Cancer Immune Therapy,  
Herlev Hospital, KU

- 09.30 -09:55      *Immune therapy in lymphomas – general issues and own strategy.*  
Uffe Klausen, MD, PhD-student, Center for Cancer Immune Therapy, Herlev Hospital, KU
- 09:55 -10:15      Coffee and Networkning
- 10.15 - 10:40      *Immune therapy in MDS / AML – general issues and own strategy.*  
Staffan Halmberg, MD, PhD student, Center for Cancer Immune Therapy, Herlev Hospital, KU
- 10:40 - 11:05      *Immune therapy in MPN – general issues and own strategy.*  
Morten Holmström, MD, PhD student, Center for Cancer Immune Therapy, Herlev Hospital, KU
- 11:05 – 11:40      *Car T-cell therapi - general issues and own strategy.*  
Özcan Met, Phd, Senior Staff Scientist, Cell Therapy Director, Center for Cancer Immune Therapy & Department of Oncology, Herlev Hospital, KU
- 11:40 - 12:00      Evaluation and closing remarks
- 12:00 -13:00      Lunch and Adjourn
