

Awarded Ph.D. degree and discontinued Ph.D. education

The universities report all newly enrolled Ph.D.-students to Statistics Denmark
In order to collect all relevant data for the reporting, the universities may in some cases ask the students to answer the attached questionnaire.

The questionnaire is submitted to the Administration Department of the educational institution at which you are enrolled. The institution ensures that this is reported to Statistics Denmark.

Copy of this questionnaire can be obtained at: www.dst.dk/phd.

Instructions

The light brown spaces of the questionnaire contain explanations and definitions that are linked to each question. More detailed definitions and examples are available from the electronically based instructions at: www.dst.dk/phd.
