# Political frameworks matters

The background of the slide is a photograph of a grand, multi-story stone building with a prominent, ornate spire. The building features numerous windows and classical architectural details. A semi-transparent blue rectangular box is overlaid on the left side of the image, containing a list of bullet points. The text is white and clearly legible against the blue background.

- Danish Climate Act to obligate action and spur progress
- Broad Danish political agreements on energy supply and green tax reform
- European Green Deal
- Energy crises initiatives in Brussels and Copenhagen

# Tidsplan

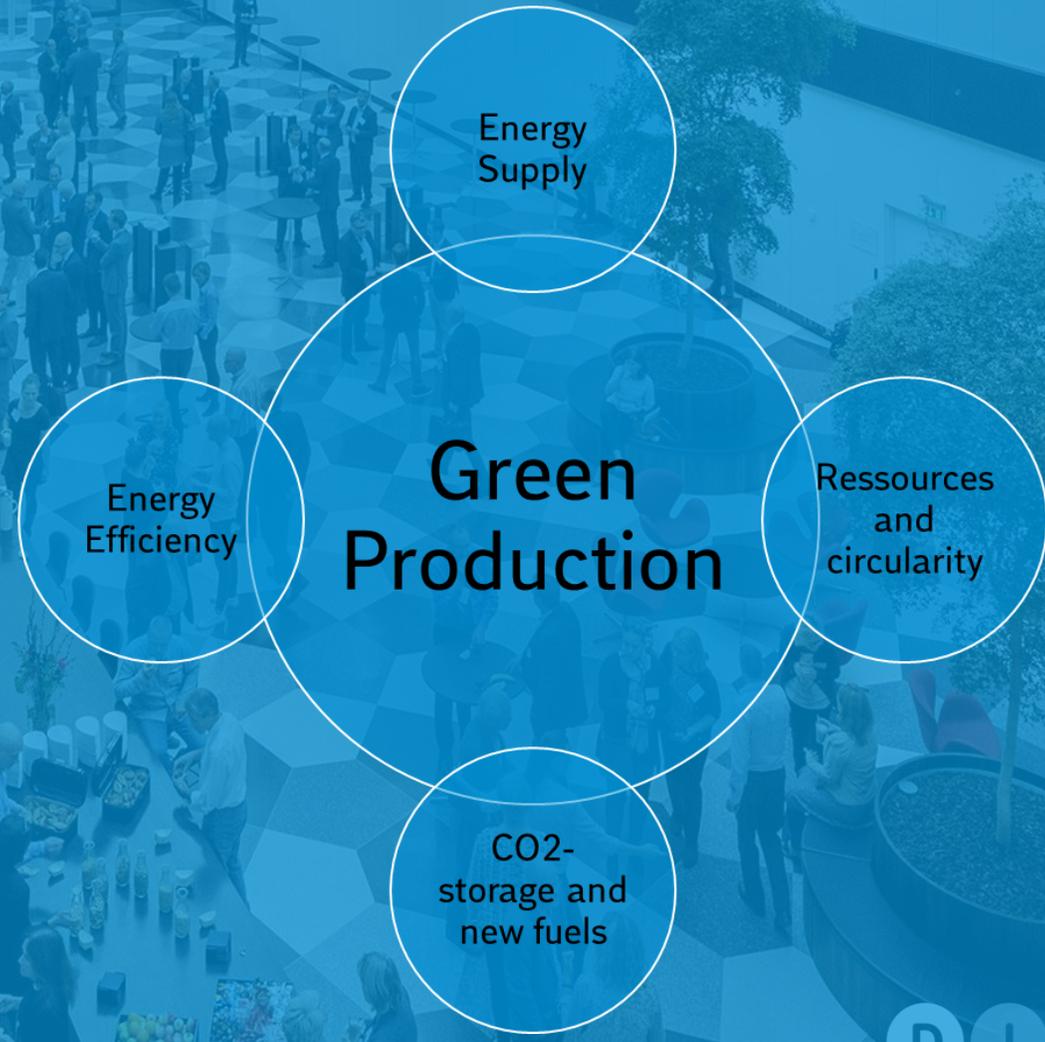

“Lykkes vi med at komme i mål, vil vi ikke alene have sikret Danmarks forsyningsikkerhed og opnået en fuldstændig grøn omstilling, vi vil også inspirere resten af verden.”

- Lars Sandahl Serensen, adm. direktør, DI

- 35 GW grøn strøm i 2030
- 100% grøn gas i 2027
- Forsyningsikkerhed
