# Teaching through UCloud

## Today topics:

### Teacher workflow on UCloud

- Lectures (LibreOffice, Jupyter + RISE, Voila')
- Project Environment for students
- Exam Grading and assignment (Jupyter + nbgrader + gradeR, Rstudio + gradeR)

### Software available for students updated and ready to use

- Scientific Software (e.g. Lammps, Gromacs, Quantum Espresso, Siesta, NetLogo)
- Analytics without coding (KNIME, Charticulator, *Superset*, *Querybook*)

Thursday | 14 pm  
2 September | 2021 Zoom: <https://syddanskuni.zoom.us/j/65448638955> | 1 hour
