

Research Professional

Organizing your funding opportunities at SDU and OUH.

How to make:

- **Saved searches** with known funders
- **Bookmark folders** with relevant calls

Definitions:

- A **saved search** always performs a new search: it is a dynamic, *automatically updated* list.
- A **bookmark** always brings up the same item; it can *only be changed manually*.

- **Saved searches** are very good for *keeping track of calls from known funders.*
- **Bookmark folders** are very good for *archiving and keeping track of specific calls.*

How to register:

Important! There are two log-in boxes, but **one is more tedious for SDU/OUH:**

1. With your individual username/password
2. With a university account

The screenshot shows the 'Log in' page for Research Professional. It features two main login sections. The left section, 'With your university account', includes a dropdown menu for 'Aarhus University' and a 'Log in' button, with a yellow circle containing the number '2.' next to it. The right section, 'With your *Research Professional account', includes fields for 'Username' (containing 'olafms') and 'Password' (masked with dots), a 'Remember me' checkbox, a 'Forgot password?' link, and a 'Log in' button, with a yellow circle containing the number '1.' next to it. Below the right section is a 'Register' link, which is circled in blue. A blue arrow points from the text 'If necessary, register for a user account here' to this 'Register' link. At the bottom of the page, there is a promotional banner for subscribers with the text 'Not yet a subscriber? Learn more about the benefits of a subscription' and a 'Learn more' button.

If necessary, register for a user account here

Saved searches

On the following slides, setting up a saved search with specific funders is demonstrated.

The screenshot shows the Research Professional website interface. At the top, there is a navigation bar with the logo, site name, and user information. Below this is a main header with 'Funding' and 'Advanced Opportunities Search' sections. The 'Opportunities' section is highlighted in a dark purple bar, and the 'Advanced search' button is enclosed in a green box. A green arrow points from a text box below to this button. The main content area lists various funding opportunities, and the right sidebar contains sections for 'Saved Searches' and 'Saved Bookmarks'. A promotional banner for a winter offer is visible at the bottom right.

For the best in research and HE career opportunities, use *Research Jobs

In the "Search" tab, start typing a funder's name

A partial name is normally enough to search.

Checkmark to select a funder.

Selected funders will appear here in a grey box with a white "remove cross". To add more funders, start typing a new funder's name.

You can also browse funders: click on the "A-Z" tab (however, searching is much more efficient).

When all funders are selected, click "Update"...
NB: searches can be modified/edited later.

Your saved Bookmarks folder should now appear in this menu. Unlike saved searches, bookmarks will only change when manually edited.

Expert tip #1

A number of saved searches are available in the “Our Institution” section (yellow bar).

Look under the faculties and departments in the “Our Hierarchy” to browse saved searches.

This often yields results quicker than designing your own searches, because you can “steal” and modify any search you find (next slide)

The screenshot shows a web browser window displaying the Research Professional website. The page is titled "SDU Health Sciences" and is part of the "Our Institution" section. The website header includes the Research Professional logo, navigation links for "Funding", "Our Institution", and "Help", and a search bar. The main content area features a yellow bar with the text "SDU Health Sciences" and a sub-header "Administrators: Olaf Svenningsen, Helen Korsgaard". Below this, there are tabs for "Start page", "People", and "Expressions of Interest". The page contains several sections: "Welcome to the Faculty of Health Sciences' section in ResearchProfessional...", "The department links in the column on the right searches for funders that the department previously has received funding from.", "Finally, under each institute, there are keyword-based searches...", "Funding resources" (with sub-sections for "Searches" and "Bookmarks"), "Our Hierarchy" (a tree view of the institution's structure), "My Groups" (a list of research groups), and "Magazines". A prominent advertisement for the Royal Academy of Engineering Research Chairs and Senior Research Fellowships is also visible, along with a notice for Hardiman PhD Scholarships.

Expert tip #2

The **small padlock icon** indicates that the saved search can only be changed by an administrator.

However, you can save a padlocked search, just like any other search. This will create an *editable* copy of the search in your own, individual “Saved searches” menu.

Using this trick, you can quickly build your own library of custom saved searches.

The screenshot shows the 'Research Professional' website interface. The main content area displays search results for 'Conferences and meetings'. A small padlock icon is visible in the top right corner of the search results table, indicating that the search is locked for editing. The page includes search filters, a results table with columns for closing date, description, and amount, and a sidebar with saved searches and bookmarks.

Good luck!

The following slides are intended for **account administrators**.

The purpose is to demonstrate how to:

- set up saved searches that can be accessed by all users,
- ensure that they are placed at the desired position, and
- manage the institutional hierarchy.

Saving a search into the *existing* hierarchy:

This winter, *Research is offering you Buy One, Get One Free on all advertisements
Get in touch to find out more: advertisel@researchresearch.com
Lowest priced advertisement is free.

Make a search using any relevant criteria (see slides 4–8).
On the Results page, click the orange “Save” button.

Account administrators have access to an extra tab – “Our institution” – in the “Save search” window. Select this tab, to access the institution hierarchy.

The screenshot shows the 'Save search' dialog box in the Research Professional interface. The dialog has two tabs: 'My saved searches' and 'Our institution'. The 'Our institution' tab is selected and highlighted with an orange box. Below the tabs, there is a list of categories to save items to: 'University of Southern Denmark', 'Engineering', 'Health Sciences', 'Humanities', 'Science', and 'Social Sciences'. The 'Health Sciences' category is highlighted with a green box. A green arrow points from a text box at the bottom to the blue triangle next to 'Health Sciences'. The background shows the 'Advanced Search' page with a 'Results' section displaying 45 items found, sorted by 'Closing date'. A promotional banner for Research is visible on the right side of the page.

Click once on the blue triangle before “Health Sciences” to open the underlying hierarchy...

Clicking on the text will select the level in the hierarchy where the search will be saved. The selected level is underlined.

Save search

Create a new saved search or save over an existing one.

Choosing the "Save and alert" option will save the search and set you up to receive weekly alerts of this search via email.

Creating a new unit in the "Our Hierarchy" menu is explained in the following slides...

The saved search created in the previous slide will appear here, not in the "Our Hierarchy" menu!

Managing the institutional hierarchy:

The screenshot shows the Research Professional website for the University of Southern Denmark. The main content area is titled "SDU Department of Clinical Research". A dropdown menu is open over the "Expressions of Interest" tab, with the "New workgroup" option highlighted. A red box highlights the "Leave this group" button, and a green box highlights the "New workgroup" option. A green arrow points from the "Leave this group" button to the "New workgroup" option. The "Our Hierarchy" menu on the right lists various departments, including the Department of Clinical Research. A text box at the bottom explains that each item in the "Our Hierarchy" menu is a "workgroup" and that new workgroups appear under the currently selected unit, which is the Department of Clinical Research in this example.

The screenshot shows a web browser window with the URL www.researchprofessional.com/institution/91596491. The page header includes the Research Professional logo, the University of Southern Denmark name, and navigation links for Olaf Svenningsen, Email alerts, and Log Out. Below the header, there are links for Funding, Our Institution, and Help, along with an Opportunities search bar. The main content area is titled "Our Institution" and features the SDU logo and the name of the workgroup, "*Test workgroup". A red box highlights the "Actions" drop-down menu, which is currently set to "Actions". A red arrow points from this menu to a text box that reads: "To delete a workgroup, select 'Delete' in the 'Actions' drop-down menu." Below this, another text box with a green border and a green arrow pointing to the "Our Hierarchy" menu on the right side of the page reads: "Et voilà! The new workgroup appears in the 'Our Hierarchy' menu, and new searches can be saved to this page." The "Our Hierarchy" menu lists various departments and research centers, with the "*Test workgroup" highlighted in a green box. The "My Groups" section at the bottom of the page is also visible.
