

# MARIE SKŁODOWSKA-CURIE POST- DOC FELLOWSHIP 2023 MSCA-PF-2023

The MSCA European PF is a two-year Postdoc. It is a mobility grant, to recruit a fellow from abroad, or send a young promising candidate abroad. The main success criteria for a successful application is a strong research project, well embedded in the research group. Therefore, the PI (host) for the fellow, needs to be strongly interacting with the fellow: Oversee and mentor the application and the research project supplying input about the research environment the team, available equipment, facilities etc.

## At a glance:

2 Year European fellowships  
3 year Global fellowships  
Deadline: September 13 2023

Budget: Fixed rates app 7.305€ per month  
Overhead: 650€ per month  
Bottom-up research project  
Success rate: 14-18%

### Target Group

Eligible fellows are young re-searchers, with a phd-degree awarded up to 8 years<sup>1)</sup> before the submission deadline, and have not lived, worked or studied in Denmark for more than 12 months within the last three years. A good starting point is a fellow already at SDU (with less than one year in Denmark). Alternatively invite the promising fellow for a site-visit, e.g. in conjunction with the Master Class held by the Research Support Team.

### Global PF option

Along with the European PF, there is a Global PF option: This can be used to send out a promising fellow to a lab or institution outside the European Union and Associated Countries for between 12 and 24 months with a return phase of 12 month: This can typically be to send a fellow abroad to learn new skills or get competences not available in Europe, and then in the return phase share this knowledge with the home institution.

### Benefit for the host

The MSCA PF is not only beneficial for the fellow: The research group will be able to expand in relevant strategic areas, the PI for the fellow will get EU experience through the supervision of a MSCA fellow, and a MSCA PF can contribute to the building and strengthening of strategic relationships with partners abroad, through recruitment or exchange of fellows.

### Duration

European Fellowships 12-24 months (additional up to 6 months for non-academic sector); for the Global Fellowships: 24-36 months (12-24 months outgoing and a 12 months mandatory return phase in Europe).

### Budget

The budget for the fellowship is as follows: For the fellow: Living allowance €6.705 (in DK<sup>2)</sup>), mobility allowance €600, and if applicable a family allowance of €660 per month. For the institution a contribution to research, training and networking of €1.000 and €650 for management and overhead per month. For PIs, further information on the budget and procedures can be found [here](#).

### Deadline

Deadline for applications in 2023 is September 12: To ensure a successful application, potential fellows should be identified no later than early June.

### Success rates

The average success rate was between 14-18% in the previous 7 years. Applicants who receive an evaluation above the threshold of 70% will get a seal of excellence.

### Applying

The application forms and submission of the application takes place through the Funding and Tender Portal. You can access the Portal [here](#). Further resources on applying can be found on the Commissions MSCA pages [here](#).

### Contact

There is extensive support for the planning and writing the application here-under an online Master Class (May 8, 2023) advice and feedback on the application. Contact [ert@sdu.dk](mailto:ert@sdu.dk) for further information.

<sup>1)</sup> With extension options for maternity-, paternity- a.o.-leaves, including periods outside academia. See [here](#) for details.

<sup>2)</sup> €5.080 multiplied with the Danish Country Correction Coefficient of 132%
