

PhD defence

Loreta Bllaci

Affinity enrichment strategies to explore the cellular
phosphoproteome

17 February 2020 10.15 AM
in BMB's seminar room

PhD thesis

“Development of Novel Separation Materials with Programmed Affinity for Phosphorylated Peptides and Proteins”

Assessment committee

Professor Jens S. Andersen (chairman), BMB
University of Southern Denmark.

Professor Birte Svensson
Faculty of Bioengineering
Department of Biotechnology and Biomedicine
DTU

Adjunct Professor (Docent) Sussane Weidmer
Department of Chemistry
University of Helsinki, Finland

Supervisor

Professor Martin Røssel Larsen
