

Ph.D.-defense

Ignacio Arribas Diez

Advances in phosphopeptide enrichment techniques for phosphoproteomics

June 4th, 2021 at 9.30 am

i BMB's seminarrum

Ph.D. thesis

*Functional Proteomics: Novel Affinity Enrichment Tools for Post-Translational Modification
Analysis and Cell Signaling Research*

Assessment committee

Professor Frank Kjeldsen (chairman), Department of Biochemistry and Molecular Biology, SDU

Professor Alicia Lundby, University of Copenhagen,

Professor György Marko-Varga, Lund University

Supervisor

Professor Ole Nørregaard Jensen, Department of Biochemistry and Molecular Biology, SDU
