Lise Lolle Holm

"Global identification and characterization of in vivo binding sites for the major splicing regulator HNRNP A/B in human disease genes"

January 27, 2021 at 10 am

Online at Zoom – please contact chairman Professor Jan-Wilhelm Kornfeld
by e-mail janwilhelmkornfeld@bmb.sdu.dk to be invited.

Ph.D. thesis

"Global identification and characterization of in vivo binding sites for the major splicing regulator HNRNP A/B in human disease genes"

Assessment committee

Professor Jan-Wilhelm Kornfeld (chairman), Department of Biochemistry and Molecular Biology,
University of Southern Denmark

Professor Javier F. Caceres, Institute of Genetics and Molecular medicine, (IGMM),
University of Edinburgh

Associate Professor Francesco Xavier Roca Castella, School of Biological Sciences,
Nanyang Technological University

Supervisor

Professor Brage Storstein Andresen, Department of Biochemistry and Molecular Biology,
University of Southern Denmark
