

Ph.D.-defense

Stine Marie Præstholt

”Regulation of hepatic transcription by nuclear hormone receptors”

April 15, 2021 at 2.30 pm

Online at Zoom – <https://syddanskuni.zoom.us/j/64017273182>

Ph.D. thesis

Mechanisms controlling genome-wide hepatic enhancer activity and transcriptional regulation mediated by thyroid hormone and glucocorticoid receptors

Assessment committee

Professor Susanne Mandrup (chairman), Department of Biochemistry and Molecular Biology, SDU

Professor Mitchell A. Lazar, University of Pennsylvania

Professor Nina Henriette Uhlenhaut, Helmholtz Zentrum München

Supervisor

Associate professor Lars Grøntved, Department of Biochemistry and Molecular Biology, SDU
