*MS-based epitope mapping methods with a view to biopharmaceutical development
- current status, challenges and the road ahead*

Tuesday, January 30th, 2024 at 1 pm

in Room U47

Ph.D. thesis

Development of MS based Routine Epitope Mapping Techniques

Assessment committee

Associate professor Thomas J.D. Jørgensen (chairman)
Department of Biochemistry and Molecular Biology, SDU

Group leader Petr Novák
Institute of Microbiology, Academy of Sciences of the Czech Republic

Co-Founder & COO Ejvind Mørtz, Alphalyse A/S, Denmark

Supervisor

Professor Peter Højrup
Department of Biochemistry and Molecular Biology, SDU
