Andrey Tvardovskiy

Mass spectrometry-based characterization of histone proteoforms – limitations and possibilities

21. juni 2016 kl. 09.00

i mødelokalet ”Lykeion” v/memphys: [V11-604-1](#)

Ph.d.-afhandling

Molecular characterization of histone proteoforms by high resolution mass spectrometry

Bedømmelsesudvalg

Lektor Thomas J. D. Jørgensen (formand), BMB

Professor Michiel Vermeulen
Department of Molecular Biology
Radboud University
The Netherlands

Lektor Claus Storgaard Sørensen
Biotech Research & Innovation Centre
Københavns Universitet

Vejledere

Ole Nørregaard Jensen, BMB
Adelina Rogowska-Wrzesinska, BMB
