## Inigo Barrio Hernández

Signaling pathways that regulate human stem cell differentiation: insights from quantitative proteomics and bioinformatics strategies

**17. juni 2016 kl. 10.00**

**i BMB's seminarrum**

### **Ph.d.-afhandling**

*Proteome-wide analysis and human stem cell differentiation using quantitative mass spectrometry and bioinformatics*

### **Bedømmelsesudvalg**

Professor Jens S. Andersen (formand), BMB

Professor Marcus Krüger  
Institut für Genetik  
University of Cologne  
Germany

Professor Michael Lund Nielsen  
Center for Protein Research  
University of Copenhagen

### **Vejledere**

Professor Blagoy Blagoev, BMB  
Moustapha Kassem, OUH
