

Ph.d.-forsvar – Katarzyna Iwona Wojdyla

Development and use of methods to assess oxidative damage to proteins

**2. marts 2015 kl. 13.00
i BMB's seminarrum**

Ph.d.-afhandling

Development of proteomics methods for investigation of oxidized proteins

Bedømmelsesudvalg

Lektor Thomas J. D. Jørgensen (formand), BMB

Professor Michael Jonathan Davies
Cellular and Metabolic Research Section
University of Copenhagen

Dr. Corinne M. Spickett
School of Life and Health Sciences
Aston University
UK

Vejledere

Professor Peter Roepstorff, BMB
Adelina Rogowska-Wrzesinska, BMB
Liu Siqi, Beijing Institute of Genomics
