

## **Specialeeksamen for Alevtina Djukina**

**Onsdag den 16. december 2015 kl. 14.00  
i FKF's Kollokvierum**

**Titel:                    Syntese af nukleosider med  
                             triazolsubstituenten for at øge stacking  
                             potentialet**

***Synthesis of nucleosides with triazole  
substituents for increased stacking potential***

**Vejleder:              Poul Nielsen  
                             Institut for Fysik, Kemi og Farmaci, SDU**

**Censor:                Kurt Gothelf  
                             Kemisk Institut, AU**
