

Six decades of atomic collisions in solids

P. Sigmund. Nucl. Instrum. Methods B **406** (2016) 391-412

Sputtering Theory

P. Sigmund. Nanofabrication by Ion-Beam Sputtering (2012) 1-40

Recollections from fifty years with sputtering

P. Sigmund. Thin Solid films **520** (2012) 6031-6049

Stopping of slow ions

P. Sigmund. Izv Russ Acad NAUK Ser Fiz **72** (2008) 606-614

Stopping of swift ions: Solved and unsolved problems

P. Sigmund. Mat. Fys. Medd. Dan. Vid. Selsk. **52** (2006) 557-593

Niels Bohrs teori for alfapartiklers nedbremsning i stof i et moderne perspektiv

P. Sigmund. Kvant **12** (2001) 13-21

Stopping Power in Perspective

P. Sigmund. Nucl. Instrum. Methods B **135** (1998) 1-15

Molecule and Cluster Bombardment: Energy Loss, Trajectories, and Collision Cascades

P. Sigmund, I.S.Bitensky, J.Jensen. Nucl. Instrum. Methods B **112** (1996) 1-11

Atomic Collisions on Solid Surfaces

P. Sigmund. Nucl. Instrum. Methods B **93** (1994) 382-383

Particle-Induced Electron Emission: Open Questions, Pitfalls, and a Few Attempts at Answers

P. Sigmund. Ionization of Solids by Heavy Particles, R.A.Baragiola, editor, NATO ASI Series, Plenum Press **B 306** (1993) 59-78

Alloy and Isotope Sputtering

P. Sigmund, N.Q.Lam. Mat. Fys. Medd. Dan. Vid. Selsk. **43** (1993) 255-349

Statistics of Charged-Particle Penetration

P. Sigmund. Interaction of Charged Particles with Solids and Surfaces, A.Gras-Marti et al., eds., Plenum Press **271** (1991) 73-144

Mechanisms and Theory of Physical Sputtering by Particle Impact

P. Sigmund. Nucl. Instrum. Methods B **27** (1987) 1-20

Surface Studies by Sputtering

P. Sigmund. Trends in Physics, European Phys. Soc. (Prague) (1984) 459-464

LSS and the Integral Equations of Transport Theory

P. Sigmund. Phys. Scr. **28** (1983) 257-267

Electron Emission from Solids during Ion Bombardment: Theoretical Aspects

P. Sigmund and S.Tougaard. Inelastic Particle-Surface Collisions. Springer Ser. Chem. Phys. **17** (1981) 2-37

Sputtering by Ion Bombardment: Theoretical Concepts

P.Sigmund. Sputtering by Particle Bombardment I, R.Behrisch, ed, Top. Appl. Phys. (Springer) **47** (1981) 9-71

Sputtering of Single and Multiple Component Materials

P.Sigmund. J. Vac. Sci. Technol. **17** (1980) 396-399

Energy Loss and Angular Spread of Ions Traversing Matter

P.Sigmund. Ann. Israel Phys. Soc. **1** (1977) 69-120

Sputtering Processes: Collision Cascades and Spikes

P.Sigmund. Inelastic Ion-Surface Collisions, N.H.Tolk et al., eds. Academic Press, (1977) 121-152

Report of the Panel on Radiation Effects

P.Sigmund, T.H.Blewitt, et al.. Uses of Advanced Pulsed Neutron Sources, J.M.Carpenter et al., eds., Argonne Natl. Lab. **ANL-76-10** (1976) 189-199

Energy Loss and Ranges of Charged Particles in Matter

P.Sigmund. Radiation Research, Biomedical, Chemical and Physical Perspectives, O.F.Nygaard et al., eds., Acad. Press, New York (1975) 278-286

Energy Loss of Charged Particles in Solids

P.Sigmund. Radiation Damage Processes in Materials. C.H.S.Dupuy, ed. Noordhof, Leiden (1975) 3-117

Sputtering Yield of Ion-Bombarded Solids

P.Sigmund. Conference on Atomic Collisions in Solids, Kiev. (1974) 1-14

Collision Theory of Displacement Damage, Ion Ranges, and Sputtering. I

P.Sigmund. Rev. Roum. Phys. **17** (1972) 823-870

Collision Theory of Displacement Damage, Ion Ranges, and Sputtering. II

P.Sigmund. Rev. Roum. Phys. **17** (1972) 969-1000

Collision Theory of Displacement Damage, Ion Ranges, and Sputtering. III

P.Sigmund. Rev. Roum. Phys. **17** (1972) 1079-1106

Selected Aspects of Ion Scattering, Energy Deposition, and Sputtering

P.Sigmund. Physics of Ionized Gases, M.Kurepa, ed., Inst. Physics, Belgrade (1972) 137-195

Recent Advances in Defect Cascade Theory

P.Sigmund. Risö Internal Report (1963)

Metallelektronen und Coulombkraft

P.Sigmund. Univ. Göttingen. M.Sc. Thesis (1959) 1-
