# Contributors

**Ane Qvortrup** is associate professor at Department for the Study of Culture, University of Southern Denmark. Her research areas are teaching and general didactics, curriculum and curriculum theory and learning. Her research is informed by the complex-sensitive approach offered by second-order systems theory.

**Merete Wiberg** is associate professor at Danish School of Education, Aarhus University, Denmark. Her research area is philosophy of education, theory of learning, moral learning and ethical formation.

**Gerd Christensen** is associate professor at Department of Media, Cognition and Communication, Copenhagen University. Main research interests are group psychology, group work, problem-based project studies at universities, and the philosophy of science and the methodologies of the humanities and the social sciences.

**Mikala Hansbøl** is docent at the research group Digital Learning Resources at Department of Education, Metropolitan University College, Copenhagen, Denmark. Her research is informed by empirical philosophy and philosophy of technology, and primary research area is shifting movements and relationships between digitalization and society, teaching and learning.

**Esben Nedenskov Petersen** is associate professor of philosophy at Department for the Study of Culture, University of Southern Denmark. His main research interests are epistemology, philosophy of language, philosophy of science, and the philosophy of the humanities and social sciences.

**Caroline Schaffalitzky de Muckadell** is associate professor of philosophy at Department for the Study of Culture, University of Southern Denmark. Her research areas include philosophy of religion and theories of concepts and definitions.

**Rolf Hvidtfeldt** is a PhD-student in philosophy at Department for the Study of Culture, University of Southern Denmark. His main interests include (the philosophy of) science, psychiatry, psychology, concepts, language, and interdisciplinarity.

**Nina Bonderup Dohn** is associate professor at Department of Design and Communication, University of Southern Denmark. Her research bridges epistemology and learning theory, both theoretically and pragmatically, with a special focus on the use of ICT for learning.

**Oliver Kauffmann** is associate professor at Danish School of Education, Aarhus University, Denmark. His research areas are philosophy of mind and theories of learning. He has a particular interest in developing a scientifically informed realist approach to the learning capacities of the mind.

**Steen Beck** is associate professor at Department for the Study of Culture, University of Southern Denmark. His research areas are theories of learning, general didactics and student culture.

**Klaus Nielsen** is professor at Department of Psychology, Aarhus University, Denmark. His research areas are learning theory, situated learning and apprenticeship.

**Tina Bering Keiding** is associate professor at Centre for Teaching Development and Digital Media, Aarhus University, Denmark. Her research area is higher education with special focus on curriculum and didactics.

**Torben Spanget Christensen** is associate professor at Department for the Study of Culture, University of Southern Denmark. His research areas are didactics in social science subjects, assessment and ethnographic research in writing in the school subjects.

**Rie Troelsen** is associate professor at the Centre for Teaching and Learning at University of Southern Denmark. Her research interests are higher education teaching and learning in general and learning spaces in particular.

**Maj Sofie Rasmussen** is a PhD student at the Danish School of Education, Aarhus University, Denmark and VIA University College, Aarhus. Her research area is (dis)engagement, passion and marginalizing processes in lower secondary school.

**Peder Holm-Pedersen** is a PhD student at Department for the Study of Culture, University of Southern Denmark. His research areas are teacher education and professional development.
