

1. General information

- First time we use the new TC-structure.
- There is a discussion regarding 'freedom of speech' in study board. The discussion is about as a teacher 'what we are allowed to say'; 'What approach/method/way can be used during teaching'; 'What can be controversial' etc

2. Course evaluations

- 1st semester evaluation (Pending) Wojciech will discuss the LOLA course with responsible teacher
 - * Overall, it is a good evaluation that give positive signals to our new study program
 - * The change regarding the programming course in the 1st semester in the study program is apparently working
 - * Next year, the evaluation of 1st semester will be for individual courses
 - * PLEASE pay attention to organization issues if we do another semester evaluation (which semester should be on the title, math/appMath should be separated from Matoek)
 - MM512/MM842 (Approved)
 - * Anders will send an email to Jørgen regarding the usage of Itslearning
 - * This course will be evaluated again next year
 - MM553 (Approved)
 - *make sure that the textbook is preordered for next year.
 - MM859 (Pending) Jing will discuss with the responsible teacher.
 - MM856 (Approved)
 - ST821 (Approved)
- ## 3. Other comments
- Questions to the coordinating group:
 - * Which TC should discuss DM561?
 - * How to handle NATxxx courses?
