

RESEARCH WEBINAR INVITATION

Dear colleagues and co-researchers!

We would like to invite you to the upcoming webinar:

Sharing knowledge on video consultation in general practice - daytime and out-of-hours

Date: Monday 15th May 2023 10am-2.30pm CET – on Microsoft Teams

Aim: To share and qualify (preliminary) research results from ongoing or recent projects on video consultation in general practice (daytime and out-of-hours) across institutions and countries.

Target group: DPhil/PhD students, early, mid- and late career researchers involved in research on video consultation in daytime and out-of-hours general practice or researchers thinking about initiating a project on video consultation in general practice.

Objectives:

For attendees to be able to:

- Present (preliminary) results and receive feed-back from national and international co-researchers
- Present a project in its planning phase and receive feed-back on, e.g., focus points, methodology, methods and theory
- Establish collaborations and networking

[Register here](#) before 27th March

Preliminary program

10.00-10.30	Welcome (planning group), introduction and "mapping of the field" on the basis of participants and their projects
10.30-12.00 (Incl. 10 min. break)	Presentations and discussion (possibly in break-out rooms)
12.00-12.30	Lunch break
12.30-13.30	Presentations and discussion (possibly in break-out rooms)
13.30-13.45	Break
13.45-14.30	Summarizing and filling in details on our "map": What do we know, key points, interesting questions and ideas for future projects, collaborations, etc.

Final program will be distributed after registration deadline.

Looking forward to an inspiring day,

The vCare planning group,

Elisabeth Assing Hvidt

Elle Lüchau

Mette Amalie Nebsbjerg

Ida Bergholdt Jul Christiansen

Linda Huibers
