

Game Theory -- Mathematics and Economics

May 22* in Room O77, Campus Odense

IMADA and IVØ would like to invite all interested to this event.

The tentative program:

14:15 *Francisco Marhuenda, Universidad Carlos III de Madrid*

Title: On the existence of a continuum of Nash equilibria in outcome games

15:15 *Trine Tornøe Platz, IVØ*

Title: Chinese postman games

16:00 *Coffee-break*

16:30 *Lars Peter Østerdal, IVØ*

Title: Queuing and probabilistic assignment

17:15 *Peter Sudhölter, IVØ*

Title: On cooperative games, bargaining problems, and independence of irrelevant alternatives

18:00 *Dinner at the Campustorv*

Those who wish to join the dinner (for no more than 200 DKK) are kindly asked to contact Bjarne Toft (btoft@imada.sdu.dk) or Peter Sudhölter (psu@sam.sdu.dk) by May 15.

*The organizers realize that the event coincides with the Faculty Day at the Faculty of Business and Social Sciences, but our guest speaker will only be able to visit SDU for that day.
