

Exam Monitor

Windows

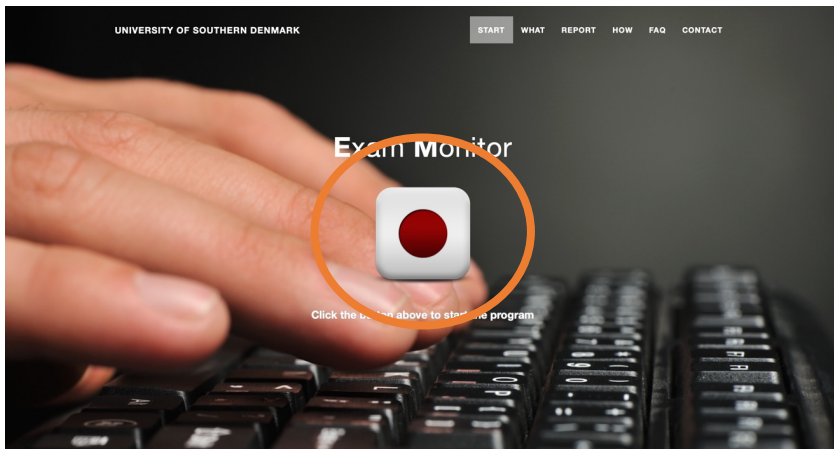

Updated May 2023

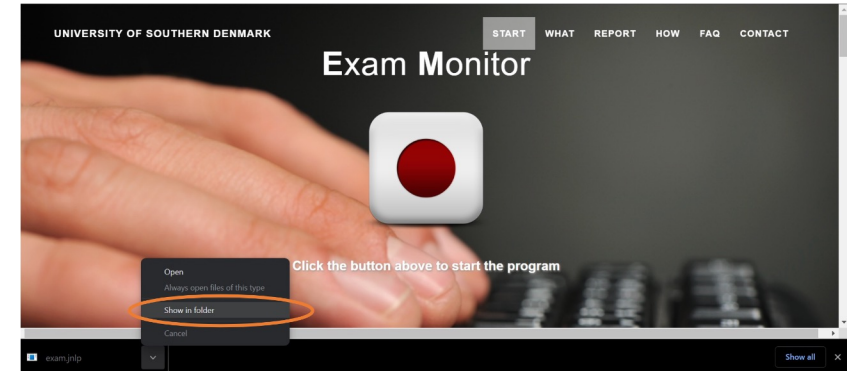

1 First, download Java from java.com

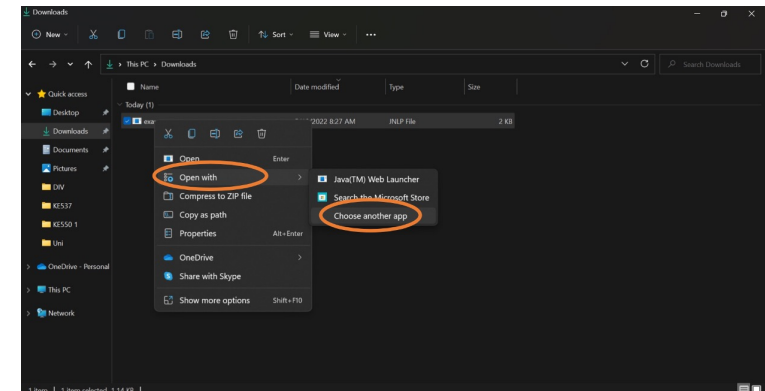

2 Go to em.sdu.dk and click on the Exam Monitor logo to download it on your computer

3 Click on 'Show in folder'

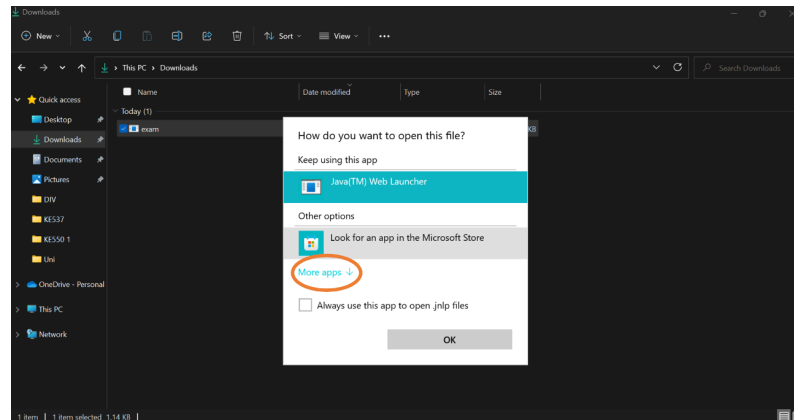

4 Right click on the file, and click 'Open with'. Then click on 'Choose another app'

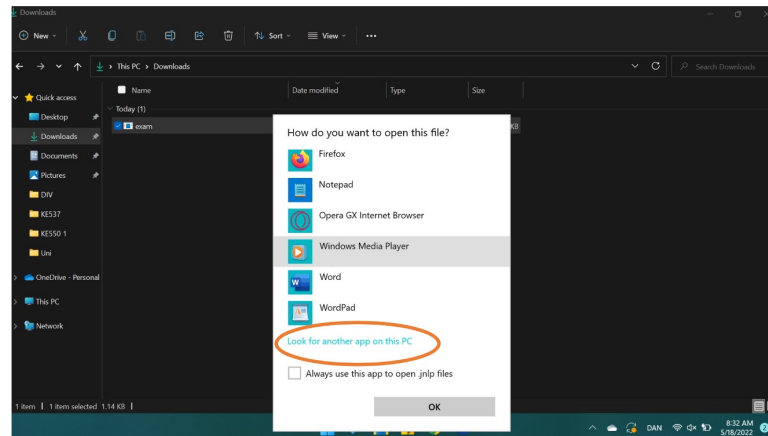

5

Click on 'More apps'

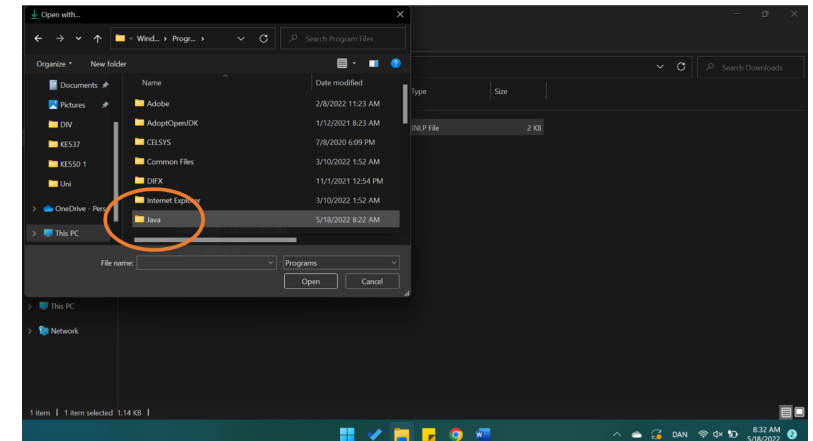

6

Scroll down and click on 'Look for another app' on the PC

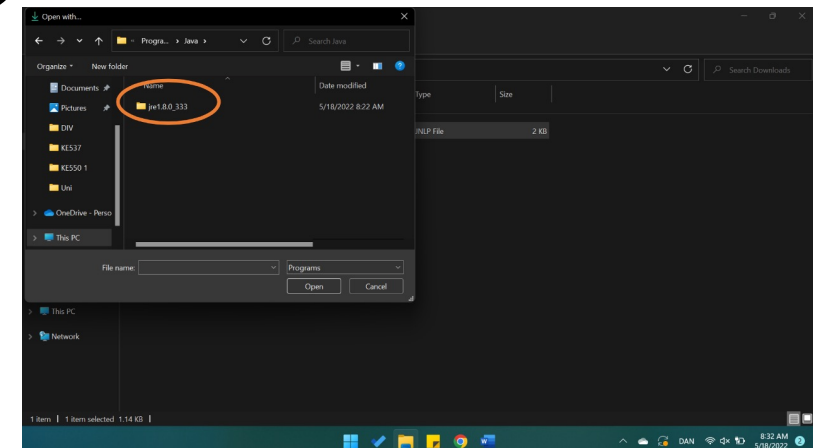

7

Double click on the folder called 'Java'

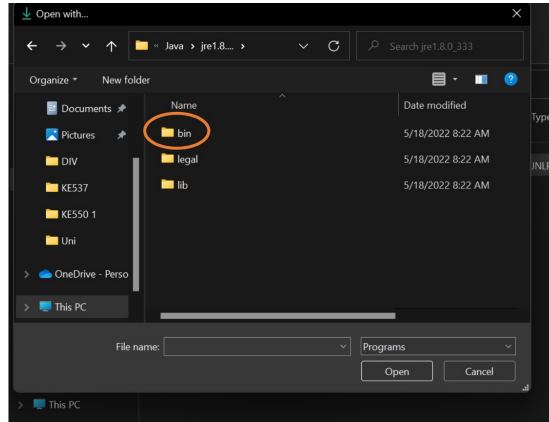

8

Double click on the folder 'jre...'

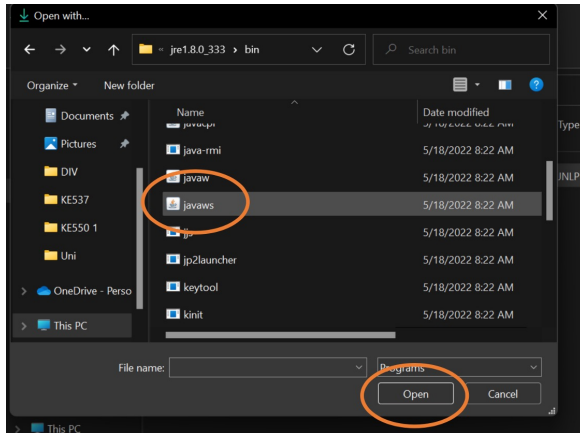

9

Double click on the folder 'bin'

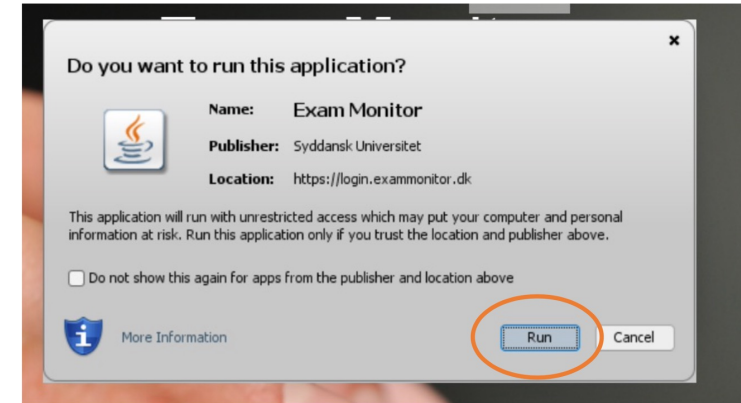

10

Then you have to find the file called 'javaws' and open Exam Monitor with it

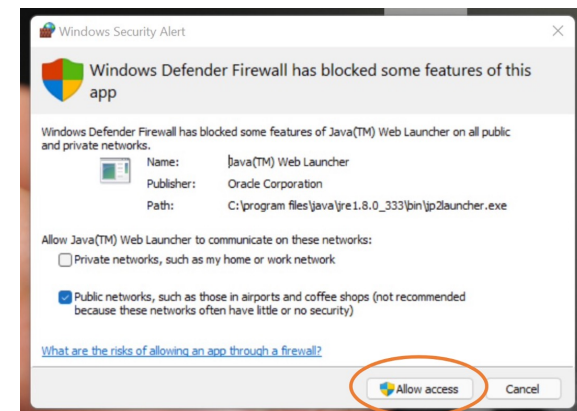

11

Click on 'Run'

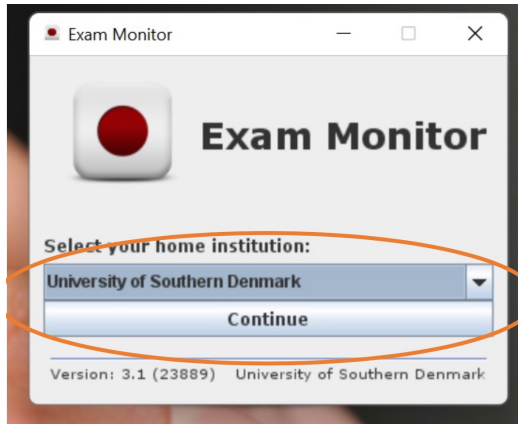

12

Click on 'Allow access'

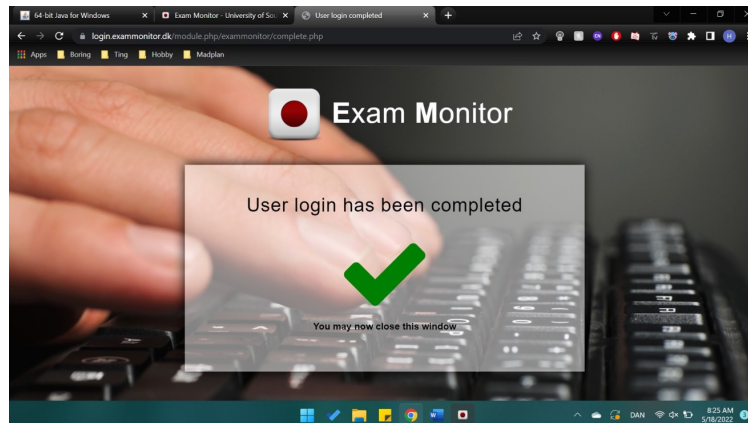

13

Choose 'University of Southern Denmark' and then click on 'Continue'

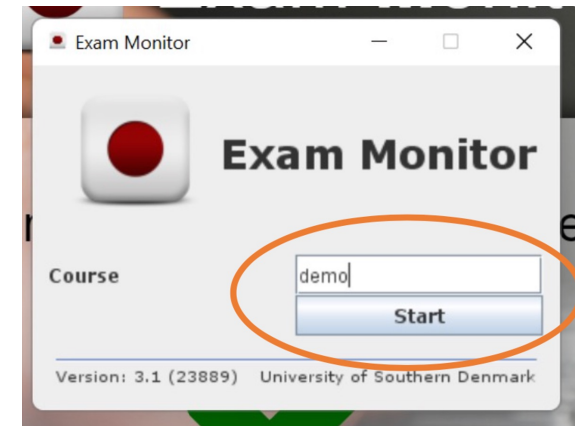

14

Log in with your SDU-mail and password

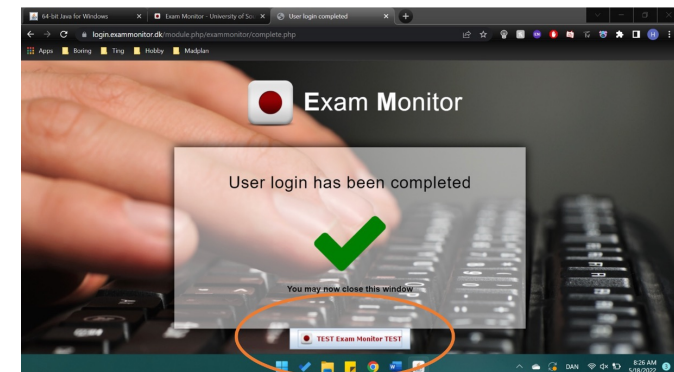

15

To test Exam Monitor - please type 'demo' and click 'Start'

16

Exam Monitor has now been started and you will see that it's blinking

You're now ready
– good luck!
