

Assessing your bachelor's degree for admission to the MSc in Supply Chain Digitalisation

Please fill in the form below with the courses you believe fulfil the entry requirements.

NOTE:

- The same ECTS credits cannot be used to fulfill multiple requirements. However, it is possible to split ECTS credits from a course to fulfill multiple requirements if the completed course covers different requirements (the number of ECTS credits used to fulfill each requirement should be entered in the tables).

E.g., **10** ECTS course in "Supply Chain Optimization and Analytics" **can** count **5** ECTS towards '*Supply Chain Management*' and **5** ECTS towards '*Programming*'.

- Please note that we cannot accept internships to cover the subject areas. Subject areas must be covered by theoretical teaching and not practical experience. Likewise, project reports cannot cover the subject areas since the ECTS content of the report is not clearly stated.
- Please include course descriptions in English to allow us to see the content of your courses.
- Please include this document before the application deadline, together with the other required documentation.

Please write your full name below:

Entry requirements

5 ECTS in Mathematics

Course title	ECTS	
	Full course	Points used for this requirement

5 ECTS in Supply Chain Management, Operations Management, or similar

Course title	ECTS	
	Full course	Points used for this requirement

5 ECTS Statistics, Data Science, Data Analytics, or similar

Course title	ECTS	
	Full course	Points used for this requirement

10 ECTS in Programming

Course title	ECTS	
	Full course	Points used for this requirement

Do you meet the entry requirements?

Yes: We will look through the documents you have submitted to see whether we agree with your self-assessment.

No: Unfortunately, if you do not meet the entry requirements, it is not possible to gain admission to the MSc in Supply Chain Digitalisation programme. However, in some cases it is possible to meet the requirements through supplementary courses. Please refer to the entry requirements on the website or in the relevant curriculum for further information about supplementary courses.

Maybe: If you are in doubt as to whether your courses meet the requirements, you are very welcome to apply and have an assessment done.

Questions

If you have any questions, you are welcome to contact Master Admission via [SPOC](#) (Admission - Master) or tel. +45 6550 1052. You will find information about opening hours on [our website](#).
