

SDU DESIGN RESEARCH FORUM

OPEN SEMINARS

SDU DESIGN is a new initiative at SDU Kolding to enhance interdisciplinary collaboration in design research, also involving local partners.

We are happy to invite you to a series of seminars to meet the involved researchers and their communities of inquiry. The idea is for the researchers to exchange insight and 'research DNA' in a format that is accessible for people from outside the specialized research field.

We begin with four seminars each representing strong research communities that are involved in SDU Design.

The seminars are open for interested within and outside the University.

NEXT SEMINARS

Please note the dates

November 13 9.30 – 12.30

Design culture studies

November 27 9.30 – 12.30

Design2Innovate and Design2Network

December 11 9.30 – 12.30

Clusters & strategizing in networks

WEDNESDAY 30 OCTOBER 2013:

PARTICIPATORY INNOVATION

SPIRE – Sønderborg Participatory Innovation Research Centre has just completed five years of experiential research to establish a new research theme: Participatory Innovation. This has a focus on human impact and interaction, and it challenges the notion of 'users' and stakeholders. Action research and research-through-design has been combined with ethnographic studies, conversation analysis and case research. In the presentation we will invite you to engage through different participatory methods.

Please register with jykJ@sam.sdu.dk
not later than October 28th

We are looking forward to meeting you
