

**Agenda for 10. meeting in  
the Committee for Internalization (UIU)  
June 4th, 2015  
13:30 – 15:00, room M**

---

**1. Minutes from the last meeting**

- Comments to minutes from March 9th, 2015 – *annex 1*

*UIU members are asked to read minutes prior meeting, and come with comments, if any.*

**2. Action plan for internalisation**

- International recruitment, by Bo Kristiansen and Yulia Tinyakova

*Bo Kristiansen will shortly tell about recruitment strategy at SDU. UIU members are asked to consider possible questions concerning full-degree students' recruitment to BSS-SDU both from and outside the EU.  
Ole will inform UIU members about the visit from Chinese partner, and thoughts on recruitment from this and other universities in China.*

- Summer school initiative

*Yulia will shortly inform about international summer school UIU discussed during last meeting. UIU will be asked to discuss possibilities for arranging a bigger summer school in summer 2016 or 2017, and whether BSS-SDU should put efforts into this project.*

- Out-going students

1. 'Study packages' for out-going students, Yulia – an example from Kolding, Annex 2  
*Shall faculty put more effort into establishing 'study packages' for all study programmes? If yes, how these 'examples' shall be communicated to students?*

2. *Maximum/minimum number of ECTS points for study period abroad. Shall BSS-SDU have common frames for number of ECTS pre-acknowledged for Study Abroad Period?*

- Further work on international partnerships – comments from Study boards, Annex 3
- New agreements for consideration, Annex 4
- In-coming exchange students

1. *BSS-SDU should give places in classes to in-coming exchange students in order to be able to send our own students as well secure that we can keep the amount of places at our partner universities. A number of study boards try to limit this amount of places for in-coming students due to different reasons. UIU is asked to consider and discuss this problem;*
2. *Numbers of in-coming exchange students are considerably lower than it used to be previous years. This is, above other reasons, due to marketing and promotion of our courses to SDU partners. Partners are not informed of the possibilities at SDU. On a longer run this can result termination of some the agreements. UIU is asked to consider and discuss this problem.*

### 3. **Status**

- Double degree with EBS (European Business School), by Yulia
- Intensive course, Nordplus Law
- Information from the committee members

Associate Dean, Ole Friis
